

Zetterbergs new distributor for Heil Farid's complete product range in Sweden, Norway and Finland

Zetterbergs Industri AB, which was founded in 1923, operates from Östervåla, Sweden. Our production facilities are approximately 13,100 m² and includes everything from product development, sales, purchasing and management through to production, surface treatment, and chassis assembly. Our products are completely Swedish-made.

At Zetterbergs we work according to our common principles known as the "Zetterbergs Industrial System". By using them we are improving skills, increasing productivity and developing our business through continuous improvement. Above all, we focus on our customer, reduce wastage and raises quality. Zetterbergs Industrial System contains all of the values, principles and priorities that will guide us in the short and long term.

Our motto is that it "pays off in the long run" to be a customer of Zetterbergs.

Zetterbergs Industri AB has now signed an agreement with Heil Farid to be its exclusive distributor for the entire Heil Farid's product range in Sweden, Norway and Finland. Products can be found from really small micro units with 4m³ load capacity up to the largest front end loaders with 37m³.

Heil Farid is Europe's 3rd largest manufacturer of refuse collection vehicles, with production in Italy and Scotland. The Farid European Group has annual revenues of approximately 150M euros and has approx. 750 employees in 6 different factories.

During Transport 2016 at Norges Varemesse in Lilleström, 9-11 June and at Elmia Lastbil in Jönköping, 24-27 August, further information can be obtained about the product range. At the Elmia Lastbil we will demonstrate a 12tons Micro XHD, a product with high efficiency of recycling, especially food waste food and other high liquid contaminated waste.
